To Mr. Bann

69

It took some time to get back answers to the various questions and, since the man apparently went out with a smile, you may not feel it necessary to forward information to Colonel White. We did verify, however, that neither we nor OP, CTP, or OLC had sent anything to Colonel White.

STAT

Our original information (paragraph 1 of Mr. [redacted] note) came from the OLC Journal. Colonel White also gets the Journal and so would be aware of this same basic information.
